ABOUT ME

Embedded software engineer with more than 4 years of experience in Embedded Software domain. Passionate engineer with ability to learn new things and apply it for the development of new embedded system products.

EDUCATION AND TRAINING

2014 – 2018

B.TECH in EEE VJCET Vazhakulam

2012 – 2014

12th SPHSS Elanji

2012

10th Bappuji CBSE School Koothattukulam

07/2019 – 03/2020

Embedded Software Professional Course Transiot Kochi

WORK EXPERIENCE

05/2023 – CURRENT Kochi

Senior Software Engineer KPIT

Tasks

- AUTOSAR R22-11 version based MCAL Driver development for CAN
- Module Test application creation and Functional testing of CAN
- MCAL Module Configuration of the BSW modules using Davinci configurator-CAN,OS

11/2022 – 05/2023 Coimbatore

Engineer Bosch Global Software Technologies

Tasks

- CDD modules (Sensors)and MCAL (PORT,DIO) configuration
- IO testing of hardware signals Hardware related defect and performance analysis

07/2021 – 11/2022 Bangalore

Software Engineer Visteon India

Tasks

- Porting of OSEK based OS for ARM Cortex M0+
- Feature addition in OS-User mode and privileged mode support,OS Metrics
- Development of MCAL Drivers for NXP KEA Series-PORT,DIO,ICU
- Configuration of BSW Modules-MCAL,IOHWAB,OS
- Implementation of Safety related modules-ECC and PPU fault handling of Cypress Traveo ii

03/2020 – 03/2021 Ernakulam

Embedded Engineer Inspirein Technologies

Tasks

- Developed firmware for various embedded projects and machine learning projects

SKILLS

Professional Skills

- Programming languages: C,Python
- Knowledge in AUTOSAR Architecture
- RTOS
- Embedded Linux: Busy box and Build root
- Communication Protocols: CAN,I2C,SPI,UART
- Machine learning and Image processing tools: OpenCV,Tiny yolo,Tesseract

LANGUAGE SKILLS

MOTHER TONGUE(S): Malayalam

OTHER LANGUAGE(S): English
